"I don't," said Paul, "whether it is right for you to continue sacrificing Catrina for the sake of the little good that you are able to do. You are hampered in your good work to such an extent that the result is very small, while the pain you give is very great."

"But is that so, Paul? Is my child unhappy?"

"I fear so," replied Paul gravely, with his baffling self-restraint. "She has not much in common with her mother, you understand."

Steinmetz remained silent, standing, as it were, in an apologetic attitude.

"You have fought your fight," said Paul, "a good fight too. You have struck your blow for the country; you have sown your seed, but the harvest is not yet. Now it is time to think of your own safety, of the happiness of your own child."

Stepan Lanovitch turned away and sat heavily down. He leaned his two arms on the table and his chin upon his clenched hands.

"Why not leave the country now—at all events, for a few years?" went on Paul. And when a man who is accustomed to command stoops to persuade

Are walked by the billiard player, as he moves around the table. That is the only exercise many a city man gets. It is this lack of exercise in the shut-in-life of the city, combined with irregular eating and indigestible dishes which tend to make the city man the victim of "stomach trouble."

When there is undue fullness after eating, with belching, sour risings and other distressing symptoms, prompt use of Dr. Pierce's Golden Medical Discovery will effect a speedy cure. In the most extreme cases of indigestion and other organs of digestion and nutrition, the persistent use of the "Discovery" will result in a complete cure in nine-eighths of cases in ninety days.

"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or scribble with pen," writes James B. Ambrose, M. D., of 1205 1/2 Millin Street, Huntington, Pa. "I was taken down with what our physicians called indigestion. I doctored with the best and here and found no relief. I wrote to you and you sent me a question blank to fill out and did so and you then advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped—being, I think, cured. I have no symptoms of gas, trouble or indigestion now."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps, pay expense of mailing only. Send one-cent stamps for paper covered book, or 31 stamps for cloth bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

"Stepan! No, I did not know you."

"I will go," she said. "You think it best?"

"Yes," he answered. "I think it best." She drew a sharp breath and was about to speak when the countess interrupted her.

"What!" she cried. "You are going away tonight like this, without any luggage! And pray what is to become of me?"

"You can join them in America," said Paul in his quietest tone. "Or you can live in Paris at last."

## A \$100,000 Blaze.

East St. Louis, March 9.—The plant pany on Fifteenth street was damaged by fire to the extent of \$100,000. Much valuable machinery was destroyed and for some time the entire plant, which is one of the largest in the West, was threatened.

## Must Tell What They Know.

Terre Haute, Ind., March 9.—Members of the citizens' committee of ninety and newspaper men, twenty in all, have been summoned to appear before the grand jury to tell what they know on which they based their assertions, in newspapers, in conversation, or in the meetings of the committee, about graft in the county offices. A number of the witnesses are farmers who have been complaining for several years that gravel road and bridge contracts have been swindled, both as to the amount of the contract and the failure to comply with specifications.

## Entertained at White House.

Washington, March 9.—Captain Seth Bullock and his company of cowboys, whose picturesque appearance was a feature of the inaugural parade, were given a reception last night by the president. They walked to the White House in the rain, having sold their ponies which they brought with them from the West. Captain Bullock and his men remained at the White House for an hour, having an informal chat and smoke with the president. They left for home today.

## Republican Editors Meet.

Washington, March 9.—The National Republican Editorial association held its sixth annual convention in this city yesterday. Its features were the annual address by the president, John A. Schleicher of Leslie's Weekly, read in his absence by Secretary A. O. Bunnell; remarks by Vice President Fairbanks; the election of officers, and a reception at the home of Vice President Fairbanks last night.

## IN FULL RETREAT

Russians Seeking Safety in  
Flight Toward the  
North.

## THE ARMIES OF JAPAN

Under the Masterful Leadership of  
Marshal Oyama Achieve Another  
Distinct Victory.

What the Japs May Have in Store  
For Fleeing Slavs Remains to Be  
Disclosed.

General Kuropatkin is giving ground before the armies of Japan, and yesterday he abandoned positions south and southwest of Mukden, burning such of his supplies as he could not carry with him. The Japanese artillery is thundering at the very gates of Mukden, which position the Russians still hold, but which they are admittedly preparing to evacuate, changing their base to Tie pass, which is forty miles north of Mukden. So far as the retreat has progressed it has been orderly. What the Japanese may have in store for the defeated army on its retirement northward remains to be disclosed. There are reports that General Rennenkampf, the foremost cavalry general of the Russian army in Manchuria, has been cut off on the east from the main force, and Japanese troops in considerable numbers are said to be already in the vicinity of Tie pass. The retirement unquestionably cost the Russians dear in the matter of supplies and heavy guns. Neither commanders nor correspondents have yet ventured to estimate the number killed or wounded in the eleven days of fighting. The Russian casualties in the fighting Tuesday on the left flank are said to have been fully 7,000.

## AT ST. PETERSBURG.

It is Now Recognized That Kuropatkin's Star Has Set.

Tokio, March 9.—It is officially announced that the Russians began retreating Wednesday morning. The Japanese armies are pursuing them.

St. Petersburg, March 9.—The battle of Mukden has resulted in a Russian defeat.

Field Marshal Oyama has once more proved himself one of the greatest masters of offensive strategy since Napoleon. General Kuropatkin is now engaged in endeavoring to defend his title as master of successful retreats and bring off his army, with its immense trains, safely to Tie Pass, where a position was long ago prepared with this contingency in view.

The problem before the Russian commander-in-chief is much more difficult than the one he met successfully at Liaoyang, since now he is threatened on both flanks, his left wing being entangled in a mountainous region far from the railroad. Nevertheless Russian military men here express a fair degree of confidence in General Kuropatkin's ability once more to extricate his army and avoid a Russian Sedan. Besides his skill in rear-guard action, they base their hopes on the physical condition of the Japanese soldiers, who, though they are conceded to be the greatest marchers in the world, are well exhausted by their strenuous endeavors of the last fortnight.

Only to the initiated is the news of the reverse positively known at this time. Emperor Nicholas and high military officers of course were informed by General Kuropatkin's telegram of Tuesday, stating tersely that Mukden must be abandoned, and they received details of the beginning of the withdrawal as they appeared in excised portions of the official dispatches given out yesterday. Last evening a newspaper contained a vague report of doubtful origin, credited to Chinese sources, but the first positive statement was derived from a press dispatch from General Kuropatkin's headquarters, the contents of which was quickly telegraphed to many Liberals from friends abroad. The report was printed in today's papers, the government, true to its policy of breaking bad news gently, only preparing the way by authorizing the publication of a number of preliminary telegrams. The news, however, is only what was expected, ultimate retirement having been discounted from the moment Oyama inaugurated his brilliant move westward.

It is known that General Kuropatkin contemplated retirement before the beginning of the battle, and that he had hoped to accomplish it without a serious combat. The Japanese, however, forced him to accept battle. The double turning movement compelled him to send the major part of his reserves to the fighting line and rendered an effective counter stroke out of the question, and the decision to retire was immediately taken on March 6. Withdrawal was actually begun during that night.

The great question now is whether Field Marshal Oyama has entangled the Russians in his strategic net sufficiently to prevent a successful retreat to Tie pass. General Rennenkampf's

force to the eastward admittedly is in great danger of being cut off, and a considerable force of Japanese appears to be operating on the Russian right well toward Tie pass. If the Japanese succeed in reaching the railroad and interrupting traffic, it only for a few hours, it may have the greatest consequences for Kuropatkin, who is now engaged in a literal race with the Japanese to reach a naturally defensible position forty miles northward. Thus far he has stood off all attacks directly against the flanks of his army, and holds the way of retreat open. He undoubtedly was forced to abandon a number of siege guns on his Shakkhe

FIELD MARSHAL IWAO OYAMA SEATED NEAR HIS QUARTERS.

position, but if he succeeds in turning over the army intact with the principal portion of its artillery train, to his successor, the Russian case will be by no means desperate, for Oyama will again have missed his quarry, and a comparatively barren victory will have been purchased at enormous cost of life.

All reports indicate that the Japanese were utterly reckless of sacrifices, making attack after attack, especially on the center and westward against machine guns and infantry fire, which literally mowed down the advancing columns, making human flesh so cheap that the survivors could bastion themselves behind piles of corpses.

After this action General Kuropatkin's deposition may be regarded as certain. War Minister Sakharoff is picked as his probable successor, though Grand Duke Nicholas Nicholasovich of the board of strategists may be entrusted with the direction of affairs. A strong faction of the army, those high in influence about the emperor, opposed Kuropatkin from the first, and though his early defeats were condoned because it was realized that he was doing all that man could with the tools at his command, it is now felt that after three having had the opportunity to show what he could do with a powerful army, and having failed to accomplish victory every time, his removal is advisable. A high military official said that the emperor had had enough of a general whose interpretation of a victory was a successful retreat.

## FLIGHT FROM MUKDEN

It Was Begun About Dawn on Wednesday.

Mukden, March 8, 4:30 a. m.—The Japanese last night attacked the Russian positions north of Mukden and forced the Russians to fall back a little. The Japanese are concentrating on the west front. This may be the last dispatch out of Mukden, as the telegraph line is in danger of being destroyed. The battle is in full progress. The Russian army is leaving positions south and southeast of Mukden. The sky is lighted with the brilliant glare of burning warehouses, where tons of commissary supplies have been given to the flames. The retirement is being effected in perfect order, the Russians beating off attacks of pursuing Japanese.

The withdrawal was necessitated by a heavy concentration of Japanese west and northwest of Mukden, whither they have transferred a large share of the forces from the southern front to reinforce the original striking force of General Nogi.

## Non-Combatants Suffer.

Mukden, March 9.—The Chinese are suffering greatly as a result of the fighting. Many of their villages have been burned by shell fire and others have been set on fire by the retreating Russians. All the houses containing anything of value have been looted by the Russians.

## Victory Confirmed.

Washington, March 9.—The state department is officially informed from Tokio that the Japanese have achieved a great victory before Mukden and that the Russian army is in full retreat. The casualties are numerous on both sides.

## The Stanford Poisoning Case.

Honolulu, March 9.—The police here are of the opinion that if Mrs. Jane Lathrop Stanford was murdered, the guilty persons are in San Francisco.

## COMMITTEE'S PROGRESS

So Far as Phraseology Is Concerned  
the Treaty Has Been Practically  
Perfect.

Care Is Being Taken to Avoid Es-  
tablishing Precedent in San  
Domingan Case.

Washington, March 9.—The Santo Domingo treaty was practically perfected by the senate committee on foreign relations so far as phraseology is concerned and without regard to the principles involved in the procedure proposed by the Dominican convention. The committee progressed so far that it has agreed to take a vote on the treaty to determine whether the report will be in favor of ratification or rejection. What that report will be cannot be determined positively, although it is believed it will be favorable. The Democratic members of the committee have expressed themselves as against the treaty fundamentally, although they took an active part in the presentation and adoption of amendments. It is expected that most of the Republican senators will vote to report the treaty as amended.

All amendments adopted by the committee were with a general aim of making the question covered stand alone and of removing all chance of it being used as a precedent for like countries under guise of being required by the Monroe doctrine. For instance, one of the first amendments strikes out that portion of the second paragraph of the preamble which has been construed as a definition and application of the Monroe doctrine to the Santo Domingo case.

## A SHORT TRIAL

The Chadwick Case Is Almost Ready  
for the Argument.

Cleveland, Ohio, March 9.—The case of the government against Mrs. Chadwick was completed yesterday afternoon. The entire afternoon session of the court was taken up by the introduction of evidence of character, deposit slips, books of the bank and two letters written by Mrs. Chadwick to Beckwith and Spear.

The most important point made by the state in its entire case was gained when District Attorney Sullivan, after a hard fight with the attorneys for the defense, secured the admission as evidence of two drafts aggregating \$80,000 issued by the Oberlin bank in favor of Mrs. Chadwick Aug. 24, 1903. On this same date Mrs. Chadwick obtained from the bank a certified check for \$12,500, and Receiver Lyon testified that there was nothing on the books of the bank to show that at the time of receiving the drafts and the check Mrs. Chadwick had a cent of money in the bank or was in any way entitled to credit. The drafts were entered on the books of the bank one month and five days after being issued. During this time the books of the Oberlin bank showed that the money was held to its credit at the Importers and Traders National bank in New York, while it was in reality in the possession of Mrs. Chadwick.

It is believed that only a part of today's session of the court will be required for the witnesses for the defense, and that the attorneys will commence their arguments late this afternoon.

## BREAKING THE STRIKE

New York Street Railway Conditions  
Becoming Normal.

New York, March 9.—A very decided improvement in the conditions of traffic on the subway and elevated railroads marked the second day of the strike of the employees of the Interborough company. This was especially so on the subway, on which by the time the evening rush hours came, express service had been established and affairs had almost resumed their normal aspect. On the elevated lines service was more irregular, but continued to improve, especially on the Sixth avenue line. There was practically no disorder and only a few minor accidents occurred during the day. Officials of the Interborough company expressed confidence that they had the situation well in hand and that a few days would see a full resumption of service on all lines. The officials announce that they have received assurances of the intention of 50 per cent of the strikers to resume work as individuals, and that forty of the old motormen had already been taken back. This was positively denied by President Pepper of the Amalgamated Association of Street and Electric Railway Employees, who declared that he could account for every one of the men who had gone on strike and that there had been no sign of disaffection in the ranks.

## TERSE TELEGRAMS

Colonel A. W. McCormick, a prominent attorney of Cincinnati, died suddenly of heart trouble.

Present advices indicate that Kuropatkin is badly beaten in the bloodiest battle of the present war.

General Booth of the Salvation Army has arrived at Jerusalem, where he intends to hold a series of meetings.

It is again reported that Premier Balfour is experiencing great difficulty in filling the vacancies in his cabinet.

The report that M. Witte, president of the committee of ministers at St. Petersburg, has resigned is officially denied.

The wholesale grocery house of Williamson, Hallsell, Frazer company was destroyed by fire at Chickasaw, I. T. Loss, \$100,000.

No confirmation has reached London of the report that Vice Admiral Rojstvensky's squadron is returning from Madagascar to Jibuti.

The committee having in charge the celebration of the inauguration of President Roosevelt announces that it has paid all expenses and has a surplus of about \$3,000.

The news of a Russian retreat at Mukden is bound to revive talk of peace, though if Field Marshal Oyama has failed to crush General Kuropatkin, peace is no more imperative now than it was last month.

## She Plead Guilty.

Policemen Elrod and Wolfe suspect  
ed that Margaret BeDen who lives  
over on Meyers street was selling  
liquor contrary to law and decided to  
find out. Wolfe dressed in citizens  
clothes went over and called for a  
bottle of beer which was brought forth.  
He paid for it and then left. Wednes-  
day Elrod put her under arrest. She  
was taken before Judge Congdon  
where she plead guilty to the charge  
of selling liquor without a license and  
paid a fine and costs amounting to  
\$28.80. It seems that this woman has  
a government license but no county or  
city license to sell liquor.

## Numerous Candidates.

No sooner was the death of Assessor

## ALLARD BROS.

OF INDIANAPOLIS, INDIANA.  
TO THE CITIZENS OF SEYMOUR AND  
VICINITY:

They announce that they have opened  
an office in the New Lynn Hotel. They  
are the same gentlemen who were here  
from Chicago six years ago and gave  
such wonderful satisfaction. They are  
now located in Indianapolis. They  
extend a cordial invitation to all their  
old patients and those suffering from  
defective vision to call on them at the  
New Lynn Hotel and have their eyes  
tested free of charge. They will remain  
until March 14. Office open every af-  
ternoon.

## ANNIVERSARY.

Mr. and Mrs. A. H. Hoover Celebrat-  
ed Their Fifty-sixth Wedding  
Anniversary.

Just fifty-six years ago yesterday,  
on March 8, 1849, Miss Nancy Young,  
age 18, was married to A. H. Hoover,  
age 19, in Miami county, Ohio. Fif-  
teen years later Mr. and Mrs. Hoover  
moved to St. Paul, Decatur county,  
Indiana. One thing interesting about  
this movement is that it took place on  
April 14, 1865, the day of the assas-  
sination of President Lincoln. Twenty  
years later in 1885, they moved to  
Seymour where they have since kept a  
continuous residence.

Mr. Hoover is now 75 years old and  
Mrs. Hoover 74. They have four chil-  
dren, eleven grand-children and three  
great-grand-children. The children  
are Don Hoover and Mrs. Dot French,  
of this city, Theodore Hoover, of In-  
dianapolis and Sam Hoover, of Cin-  
cinnati.

On last evening about twenty-five  
relatives and friends were socially  
gathered at the home of our former  
city judge and his wife on East Second  
street and partook of the merry mak-  
ing abounding at that place. The  
evening was most enjoyably spent,  
with music as the propagator of the  
good time, which all seemed to be  
spending.

A very fine luncheon was served at  
the hospitable Hoover board, the  
decorations of fern and flower festoon-  
ing being very pleasing. The guests  
remained until a late hour and left de-  
lighted with this most pleasant oc-  
casion.

## DIED.

MASSMANN—J. W. Massmann died  
at his home on south Poplar street  
this, Thursday morning, March 9th at  
12:10. The cause of his death was  
pneumonia which developed from la-  
grippe, with which he took sick on  
Tuesday, February 28th. He  
was born in Seymour, on July 21st,  
1857, making his age at the time of his  
death 47 years, 7 months and 18 days.  
His parents Henry and Mary Mass-  
mann were natives of Germany. He  
acquired his education in the common  
schools of this city and attended com-  
mercial college for two terms. He was  
at one time engaged in the grocery  
business. On October 7, 1880, he was  
married to Margaret Laugel of this  
city, who survives him, together with  
four daughters, two brothers and two  
sisters. His brothers are Henry Mass-  
mann of this city and Ed Massmann of  
Mitchell, and his sisters are Mrs. Wil-  
liam Meseke and Mrs. Henry Bret-  
thauer, both of Seymour. The last  
seven years of his life were devoted to  
the insurance business.

He was a member of the K. of P.  
lodge, Order of Eagles and Knights of  
Macabees. He was a most respected  
citizen and one who will be greatly  
missed by the community. He was  
elected Jackson township assessor last  
November, but was not able to enter  
upon his duties on the 1st of March on  
account of his sickness.

He was clerk of the German  
St. Paul Church of this city and faith-  
fully discharged his duties. He was  
devoted to his family and at all times  
thoughtful of their welfare and their  
interests. The family have the  
sympathy of a large circle of friends  
and relatives.

Funeral services will be held on  
Saturday afternoon at 1:30 at the  
house and at 2 o'clock at the German  
St. Paul church. Rev. A. Egli will  
have charge of the services. Burial  
at Riverview cemetery under the  
auspices of the K. of P. Lodge

General Manager Thompson of the  
Southern Indiana confirms the report  
to the effect that John R. Walsh will  
own the sleeping cars to be used on  
the Chicago division of the Southern  
Indiana railroad.

At present the Pullman Sleeping Car  
company has a monopoly in the sleep-  
ing car business and the fact that  
Mr. Walsh intends ignoring the Pull-  
man company is a matter of interest  
in railroad circles. Another innova-  
tion to be established by Mr. Walsh  
is that there will be no upper berths in  
the sleeping cars on his road. All  
berths will be "lowers," and there  
will be enough cars to supply the de-  
mand. The cars have not yet been  
ordered.

The C. & E. I. road is using Pull-  
man sleepers and it is predicted that  
there will be a merry war between the  
two roads over sleeping car patrons.  
Inasmuch as the Southern Indiana  
sleeping cars will only be used over  
Southern Indiana track, it appears  
that Mr. Walsh has the upper hand  
over the Pullman company.—Terre  
Haute Star.

## Vogel's Minstrels.

John W. Vogel's Big City Minstrels  
is said to be the most conspicuous  
organization traveling, presenting a  
long and varied program teeming  
with crisp bon mots, witty flings and  
new magnetic features, up-to-date,  
up to demand and up to every expec-  
tation, giving equally excellent enjoy-  
ment to everybody. This company of  
merry-makers will appear at the opera  
house on Wednesday March 15 and as  
Manager Vogel has always given the  
Minstrel loving public a high class  
entertainment the house should be  
packed.

## Shoes and Stockings.

Wednesday night Ellsworth John-  
son, who works on the Southern In-  
diana, found on the street in the north  
part of town a pair of shoes, child's  
size, and ten or a dozen pairs of black  
stockings fresh from the wash. He  
turned them over to the police and  
they were taken to the city office where  
they await identification.

## NEW LAW ON HIGHWAYS

Some Important Changes Made by the  
Codification Commission.

Indianapolis, March 9.—The codi-  
fication commission's bill on public  
highways has been signed by Governor  
Hanly. The new law provides that  
people may vote for or against pro-  
posed road improvements. The code  
originally prohibited the working out  
of road taxes, but this was inserted  
before it was adopted. The Long bill  
providing for transfer of surplus coun-  
ty and township funds to the school  
fund to enable poor localities to hold  
longer terms of school was signed to-  
day, as was the bill to increase the  
per diem of county superintendents  
from \$4 to \$4.50 a day. It is said,  
however, that the governor will veto  
Senator Carl Wood's bill for a new  
judicial district to be composed of  
Jackson and Scott counties. The bill  
was rendered defective because an-  
other creating a separate judicial dis-  
trict of Fountain county makes it the  
61st and there cannot be two districts  
with the same number. The governor  
is engrossed with bills brought down  
during the closing days of the session  
and will probably not dispose of all  
of them before the latter part of the  
week.

Columbus, Seymour, North Vernon  
and Bedford are in a lively fight for  
the location of the proposed south-  
eastern Indiana hospital for the in-  
sane. Senator Carl Wood of Seymour  
who was here today, says that by locat-  
ing it at Seymour the state would  
save \$15,000 over what it would cost to  
erect the institution near Columbus,  
as proposed by Representative Spring-  
er of Bartholomew county. Seymour  
has an excellent location for the in-  
stitution within 500 feet of the Baltimore  
& Ohio and Indiana Southern roads.  
Senator Wood thinks that Seymour  
and North Vernon are the only cities  
in the district that can comply with  
the provisions of the law relating to  
railway facilities. The hospital bill  
was originally introduced by Senator  
Wood, who is a Democrat, but it bears  
the name of Senator Newhouse, a Re-  
publican. Representative Springer  
introduced a similar measure in the  
house, but it is said that he and Sena-  
tor Newhouse copied the Wood bill.  
Springer is trying to line up the Re-  
publican leaders for Columbus, and it  
is the impression that he will suc-  
ceed. Lieutenant Governor Miller,  
who is still here rounding up the legis-  
lative work, resides in Columbus and  
will use his influence to have the hos-  
pital located there. Governor Hanly  
has not yet appointed the commission  
to locate the institution, but will prob-  
ably do so next week.

There is every prospect of a hot  
fight developing in the election of a  
commander of the Indiana G. A. R. at  
the 26th annual encampment of the  
department of Indiana to be held at  
Madison beginning June 14. Three  
candidates are already in the field and  
other announcements are expected  
shortly. Former State Senator J. M.  
Barlow of Plainfield has begun his can-  
vass. He is known as a hustler and  
his friends are saying that he will win  
if he continues to put into practice  
the fine points that he learned while  
in active politics. D. M. Tackett of  
Greensburg and Jerome Musser of  
Anderson are the other candidates.  
Both have served terms as senior vice  
commander and have wide acquaint-  
ance among G. A. R. men in the state.

Four indictments have been re-  
turned by the Marion county grand  
jury which is meeting in special ses-  
sion, but none of them are against  
ex-Senator O. A. Baker of Marion, the  
tobacco trust lobbyist accused by Rep-  
resentative Ananias Baker with at-  
tempting to bribe him to vote against  
the anti-cigarette bill. Prosecutor  
Benedict, who is in charge of the in-  
vestigation, says he can find no place  
where the corporations placed any  
money for corrupt purposes. It is not  
believed here that anything will come  
out of the investigation.

Autocracy's Voice.  
St. Petersburg, March 9.—A sensa-  
tion was caused by a leading editorial  
in the Moscow Gazette, the traditional  
spokesman of autocracy, declaring  
that the present revolt in the interior  
should be put down immediately in  
the fashion which General Michael  
Muraviev crushed the Polish and  
Lithuanian rebellion in 1863. "It  
would be a sad sacrifice of life," says  
the Gazette, "but a hundred times less  
now than if the revolt were allowed to  
continue until it becomes absolutely  
necessary to take decisive steps."

May End in Deadlock.  
Denver, Col., March 9.—Proceedings  
in the joint conference of the general  
assembly indicate a deadlock in the  
gubernatorial contest. Twenty-two  
Republican members joined forces  
with the Democrats on a test vote and  
these Republicans it is rumored, have  
agreed to stand together in favor of  
seating Lieutenant Governor Jesse A.  
McDonald as governor.

How They Evaded Arrest.  
Vicksburg, Miss., March 9.—Rather  
than submit to arrest on a charge of  
stealing chickens, John Dolan, color-  
ed, drowned himself in the canal in  
front of this city. A similar case oc-  
curred but a few hours before when  
an unknown negro apparently demen-  
ted, jumped into a cistern to escape  
pursuit of police officers and was  
drowned.

John Caven Dead.  
Indianapolis, March 9.—John Caven,  
five times mayor of Indianapolis, died  
this morning, aged eighty-one years.  
Death was due to the infirmities in-  
cident to old age.

# Catarrh

That is a strong statement to make, but we have confi-  
dence in Rexall Mucu-Tone—a confidence gained through  
personal contact with hundreds of cures—in fact our confi-  
dence is great enough for us to give this medicine our per-  
sonal recommendation. Confidence begets confidence you  
know. We want to tell you about it.

Rexall Mucu-Tone is made to cure only Catarrh and its after  
effects—it cures Catarrh by driving every trace of the cause of  
Catarrh from your system. Don't you see for yourself that a  
remedy like Mucu-Tone, prescribed for one specific purpose, is  
going to accom-lish that purpose much better than a cure all  
that claims to cure every disease in the dictionary. But that's  
not all. Mucu-Tone is different from any medicine you ever  
bought or heard of for Catarrh. Mucu-Tone doesn't heal up  
the inflamed mucous tissues like the old-fashioned catarrh  
salves and keep the trouble in. Mucu-Tone doesn't deaden the  
Catarrh poisoned surfaces like the old style snuffs and make  
believe you are cured, but Mucu-Tone gets right at the source.

**ECONOMY CLAIMS.**

**Senator Wood Speaks of Hospital Location.**

Senator Carl Wood, of Seymour, which is in the contest for the location of the new Southeastern Hospital for the Insane created by the last legislature, said at the Grand Hotel Wednesday that there would be a saving of \$15,000 in the construction of the hospital at Seymour as compared with Columbus because of superior railroad facilities. Seymour has a site between the B. & O. and Southern Indiana within five hundred feet of both railroads, Senator Wood says, while the site proposed by Columbus is three fourths of a mile from the Pennsylvania, and a side track to it would be difficult to construct. Senator Wood is of the opinion that Seymour and North Vernon are the only cities in the southeastern hospital district that comply with the requirements of the law in regard to railroad facilities.

Senator Wood drew the first bill introduced to establish the new hospital. The law bears the name of Senator Newhouse, but the Democrats say that the Republicans, including Representative Springer of Bartholomew county copied the bill drawn by Senator Wood and got the credit for the bill. A few days ago it is said that Representative Springer circulated a petition among Republican members of the House asking that the hospital be built near Columbus. The commission that will choose the site will be composed of two Democrats and two Republicans, with Governor Hanly as the fifth member. Newspapers in the Southeastern district are engaged in saying sharp things about other cities and towns that are asking for the hospital. Madison and Bloomington are aspirants as well as Columbus and Seymour. Indianapolis News.

**Some Better.**

The condition of Christian Schrellick, who was quite seriously injured by falling on a revolving saw in the saw mill of Joseph Ackerman, near Waymansville, Monday afternoon, is somewhat improved. Schrellick was engaged about his work as an off-bearer Monday afternoon, when the saw became stalled in making a cut through a log, and in attempting to release it he fell face forward onto the saw, which at that moment began to revolve, and he sustained quite serious injuries in consequence. His injuries were dressed by Dr. E. W. Shewman, of Waymansville.

**CHAMPION LINIMENT FOR RHEUMATISM.**  
Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by C. W. Milhouse.

**A Chicago Alderman Owes His Election to Chamberlain's Cough Remedy.**  
"I can heartily and conscientiously recommend Chamberlain's Cough remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria street, Chicago. "Two years ago during a political campaign I caught cold after being overheated, which irritated my throat and I was finally compelled to stop, as I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept right on talking through the campaign, and I thank this medicine that I won my seat in the council." This remedy is for sale by C. W. Milhouse.

**STRIKE AT A STEEL MILL**  
Great Republic Plant at East Chicago Is Practically Idle.  
Hammond, Ind., March 9.—The prospect for adjudicating the East Chicago Republic iron and steel mill strike is not flattering. The officials refuse to listen to any claims of the committee appointed by the striking mill workers, for a fifteen cent per diem raise, and say they will never grant it. There are 1,100 men out on strike, and the mill is practically idle. Some of the departments are ready to go back, and Superintendents Crane and Carter assert that they can fill the places of the strikers with non-union men at a moment's notice. The plant is protected by armed guards, for fear that violence may result.

**PRETTY SCRAMBLE**  
No End of Applicants For Jobs Created by the Legislature.  
Several Rich Plums Especially Attractive Are Proving the Places on the Newly Created Railway Commission.  
An Interesting Bit of Gossip Concerning the Expenses of Legislation.

Indianapolis, March 9.—Governor Hanly is about to be snowed under with applications for places on the railway commission. Dr. Samuel N. Quillin of Linton, a well-known Second district politician, is an applicant for membership of the commission, which will consist of two Republicans and one Democrat. It is the general impression, however, that Governor Hanly will appoint some Democrat who is on terms of more intimate friendship with him than is Quillin.  
Friends of ex-State Senator Eben H. Wolcott, who was one of the originators of the railway commission bill, are asking for a position for him. He hails from Governor Hanly's district and has been one of his personal and political followers for several years. John Clare of New Albany and W. J. Wood of Evansville are applicants for the membership that will be given to some Democrat. C. B. Riley, secretary of the Indiana Grain Dealers' association, is an applicant for the secretaryship of the commission, which pays \$2,500 a year. Fred Barrows of Connersville, chairman of the Fayette county Republican committee, and Elijah Perry, chairman of the Tipton county Republican committee, are also applicants for places on the commission. The scramble promises to bring into action many of the party leaders who are being asked for endorsements by the host of applicants, but those who know Governor Hanly's disposition to act on his own judgment do not believe it will do anyone any good to attempt to bring pressure to bear on him. It would not be surprising if he should make the appointment any day, as it is intimated that he already has his mind pretty well made up in the matter.  
A comparison of the expenditures of the house and senate during the recent legislature shows that the senate was more extravagant than the lower branch. The total expenditures by the senate was \$60,073.82; by the house \$67,476.72, but it must be remembered that there are twice as many members in the house. The senate's bill shows that for the printing of the codification bills alone \$4,776.69 was spent. The contract that the state printer has with the state for printing legislative bills calls for the printing of 200 copies of each bill. Instead of ordering 200 copies of each of the six codification bills the senate, according to the financial budget, ordered 2,000 copies of each bill or a total of 12,000 copies. Two hundred copies of each codification bill were sent over to the house, the house having ordered none of the bills printed. This left the senate with 1,800 to dispose of. The records show that the bills were sent broadcast over the state, nearly every county clerk receiving a number of them. In the office of the county clerk of Marion county is a stack of them. It is said. The sending out of bills in this manner is not compulsory, say state officials in the bureau of public printing. The senate's bill for postage is out of proportion to that of the house. With a membership of fifty the senate spent \$4 more for postage than did the house with a membership of 100.

**INDIANA PLUMBERS.**  
Evansville, Ind., March 9.—The state convention of the master plumbers of Indiana closed last night with a banquet. The following officers were elected: president, A. E. Werkhoff, Lafayette; vice president, Byron Haddersley, Ft. Wayne; secretary, W. W. Lane, Lafayette. The next convention will be held in Indianapolis.

**Highwaymen at Work.**  
Goshen, Ind., March 9.—Jacob W. Whitehead, merchant at New Paris, five miles south of this city, was knocked down and robbed of \$100 by footpads after closing his store. He lay for half an hour and then staggered to his home, falling on the porch insensible. His condition is critical. The robbery is credited to home talent.
